

## Animal Rescue Movement

### Online Adoption Application Instructions

**(It is suggested that you print this and use it as a guide)**

The online application process involves registering and creating a free membership for Petango.com (similar to Petfinder.com) and then filling out the Adoption Application. The Adoption Application itself will not complete unless the mandatory fields on the forms are filled out.

**Please email us at [applications@animalrescuemovement.org](mailto:applications@animalrescuemovement.org) with the name of the pet(s) you are interested in.**

1. Go to Petango at <http://www.petango.com>.
2. Click on Register (top of screen) and register by filling out the online profile questionnaire.
3. Go to the Adopt link and from the drop down menu, choose find a shelter.
4. Enter Zip Code, "32068" to locate us and other shelters in our area.
5. Click on "more details" next to "Animal Rescue Movement."
6. Scroll to the bottom of the page where it states "Begin Adoption Process" to start the online adoption application.
7. **IMPORTANT:** In the first section of the application to the right of Landlord info, **enter your Email Address!** (not the Landlords).
8. **Be sure to select the "finish" button at the end of the application.**

Once you have completed the application, the application data will be transmitted and an email will be sent to us notifying us that your online application was submitted.

Thank you.
