

Animal Rescue Movement Online Adoption Application Instructions

(It is suggested that you print this and use it as a guide)

The online application process involves registering and creating a free membership for Petango.com (similar to Petfinder.com) and then filling out the Adoption Application. The Adoption Application itself will not complete unless the mandatory fields on the forms are filled out.

1. Go to Petango at <http://www.petango.com>.
2. Click on Register (top of screen) and register by filling out the online profile questionnaire.
3. Go to the Adopt link and from the drop down menu, choose find a shelter.
4. Enter Zip Code, "32068" to locate us and other shelters in our area.
5. Click on "more details" next to "Animal Rescue Movement."
6. Scroll to the bottom of the page where it states "Begin Adoption Process" to start the online adoption application.

Once you have completed the application, the application data will be transmitted and we will be notified that an online application was submitted.

PLEASE send us an email at info@animalrescuemovement.org that you have submitted an application and include the name of the animal(s) you are interested in.

We have experienced a few problems in receiving the applications so your notification will help us immensely.
